The State Employee Health Plan (SEHP) is a self-insured program governed by The State of Kansas Health Care Commission (HCC). The HCC was established in 1984 by the legislature for the purpose of developing and providing for implementation and administration of a comprehensive health benefit program through the SEHP. This health benefit program is for State of Kansas employees and retirees as well as employees and retirees of other eligible public entities who have elected to participate in the SEHP.

The SEHP has offered self-insured programs since the early 1990's, but went fully self-insured on all medical plans as of January 1, 2008. Being a self-insured program means rather than paying a premium and transferring the risk to an insurance company, the state and affiliated non state entities and their employees pay monthly contributions. Claims for all eligible members are paid out of these contributions. In the event that the SEHP should have insufficient funds to pay claims, the State and affiliated non state groups could be assessed an additional amount determined by the HCC. To date, the HCC has never made such an assessment. Interested parties can track the funding balances by reviewing the HCC minutes [here](#):

In 1999, the HCC established administrative procedures and eligibility requirements to allow for inclusion of Unified School Districts, community colleges, technical colleges and vocational technical schools into the SEHP. K.A.R. 108-1-3 outlines these requirements. The HCC expanded the program to include of public employers (cities, counties, townships etc.) under K.A.R. 108-1-4. The HCC is responsible for determining eligibility of public employers to participate while maintaining the integrity of the state employee plan, and in compliance with the criteria outlined K.S.A. 75-6506. The participation criteria outlined in K.S.A. 75-6506 is included in this packet.

## **State Employees Health Plan – Non State Entities**

Choice is important to employees. Therefore, SEHP provides different medical vendors from which participating employees may choose coverage. SEHP provides a complete package of benefits with medical, prescription drug, dental and vision coverage options available. The health care options are summarized in this packet.

- Participants enrolled in the medical coverage are automatically enrolled in the prescription drug benefit.
- Employees electing medical coverage are automatically enrolled for single dental coverage.
- An employee can choose dependent dental if the dependents are covered under the medical plan.
- The vision plan is an optional program. Participants may choose vision coverage regardless of what they select for their medical or dental plan. Vision coverage is not available to groups enrolling after January 1 until the next calendar year.
- An open enrollment period is held each year so members can make changes in health plan selections to meet their needs.
- Non state entities are responsible for educating their employees about the SEHP options during open enrollment.

Employer contribution is required at 95% of single coverage. If an employee elects dependent coverage the employer is also required to contribute an additional 55% toward the dependent premium cost. The 95% and 55% are composite rates and are the same regardless of the health plan chosen by the employee. If the Commission changes the employer contribution rates/percentage during the contract period all participating employers will be required to meet the changed contribution rates.

For new groups enrolling there are “ramp-up” options available if the public employer cannot otherwise meet the contribution requirements. The “ramp-up” option is a budgetary method of starting at a lower employer contribution amount and increasing the amount over two or three fiscal years (up to five years for dependents) to meet the state’s required contribution. The employee rate will be increased by the difference between the state’s required contribution amount and the “ramp-up” option used. If any “ramp-up” option is used, the contract period is five calendar years: otherwise the contract is for three calendar years.

## **Documentation Requirements for Enrollment**

### **Employees must provide:**

- A copy of their original state marriage certificate – if covering a spouse. A copy of first and last page of the most recent Federal Income Tax form may be used in place of a marriage certificate.
- Copy of birth certificates, if covering children. Birth certificate must list the names of the father, mother and child.
- Social Security Numbers for everyone covered under the policy.
- Medicare information, if Medicare eligible. Medicare eligible employees must complete TEFRA form at time of enrollment.

### **Billing Administrator: HP Enterprise Services**

Non State Groups will receive their monthly statements on or before the 25<sup>th</sup> of each month. Premiums are due within 10 business days from receipt of their monthly premium bill and considered late if not paid by the 15<sup>th</sup> of the coverage month.

### **HealthWave Eligibility and the SEHP**

Medicaid children's health insurance program (CHIP) is called HealthWave. Eligibility for Health wave is governed under either Title 21 or Title 19. Coverage under the SEHP does not affect those children who are eligible under **Title 19** of Medicaid. Under current Federal law, anyone who is eligible to be covered under the state employee health plan is not eligible for HealthWave under **Title 21**. Please be aware that groups joining the SEHP will be affected if they have children covered under Title 21.

## **Eligibility Rules**

1. Eligible employees for coverage under the SEHP include:
  - Educational group employees working 630 hours or more per year.
  - Public employees working 1000 hours or more per year.
2. Eligible dependents include
  - The employee's lawful spouse.
  - Children or step children up to age 26.
3. Retirees of a participating group are eligible for coverage **if** they are covered by the non state entity's health plan on the day before the group joins the SEHP.
4. Employees hired after the effective date of the group with the SEHP will be subject to a 30 day waiting period before they are eligible to join the plan. New employees coverage is effective the first of the month following the completion of the 30 day waiting period.
5. Anyone who is eligible to be covered as an employee under either the State or non state entities covered under the State Employee Health Plan (SEHP) may not be covered as a dependent (spouse or child) under the SEHP. This includes married couples who are both eligible employees to enroll in the SEHP regardless of whether they have the same or different employers.
6. Dependents may not be covered under more than one SEHP contract. This applies to all dependents covered under the SEHP regardless of whether they are covered under a state or non state entity plan.
7. For newly hired employees enrolling in the SEHP, there is a thirty (30) day waiting period. Health plan coverage begins the first day of the month following completion of the thirty (30) day waiting period. The waiting period may be reduced or waived in accordance with K.A.R. 108-1-3 for educational entities and 108-1-4 for all other public employers. The request for a waiver of the waiting period must be submitted and approved by SEHP before an offer of employment is given.
8. The SEHP does not apply a waiting period for pre-existing conditions. Therefore, certificates of creditable coverage are not required.

**NOTE:** This is a sample of the eligibility requirements for the SEHP.

## **Rates**

- Employer contribution rates are determined by the Commission. Currently, the employer contribution shall be a monthly composite rate: a weighted average of all plan premiums or costs.
- The employee contribution rate will be a monthly rate reflecting a percentage of the selected individual health plan costs.
- The employer contribution rates are assessed and paid during the State's fiscal year: July 1 – June 30
- The employee contribution rates are assessed and paid during the State's plan year: January 1 – December 31.

## **Information Required by the State Employee Health Benefit Plan**

The following information is to give the SEHP a benchmark. It will not be used to allow or disallow participation in the health plan:

- **FEIN Number** (Federal Employee Identification Number) For billing purposes only
- **List of all eligible employees and their annual salaries**
- **Current enrollment by membership type**  
(single, single + spouse, single + child(ren) and family)
- **List of active employees who are also eligible for Medicare**

## **Looking for a January 1<sup>st</sup> Effective Date?**

Non State Groups can join the State Employee Health Plan at any time throughout the plan year with a 90 day notice, by letter of intent. If your group is looking for a January 1<sup>st</sup> effective date, we need to have the letter of intent before September 1<sup>st</sup> and the group needs to be enrolled by the end of September. This is because the State holds open enrollment for Active and Non State employees in October of every year and the State Employee Health Plan employees are busy with open enrollment and are not available to enroll or process paperwork for new groups at this time.

# Underwriting

The following requirements of the Plan are the rules of the program to insure the best possible “spread of risk” and avoid adverse selection in order to achieve a reasonable premium for the health benefits offered.

## **Requirements for Non State Groups to Participate in the SEHP**

### **Active Employees**

- Employee and Employer contribution rates must be at least equal to the State of Kansas contributions.
- Plan design and funding are not subject to negotiations.
- All employees are eligible who work a minimum of 1000 hours per year, 2,000 hours is considered full time. **For educational group employees those working a minimum of 630 hours are eligible, 1000 hours is considered full time.**
- The group must have and maintain enrollment of at least 70% eligible employee enrolled in the SEHP.
- Employers may not create, maintain or provide incentives for employees not to join the SEHP. Covered groups are prohibited from providing cash out options.
- Must elect to participate for a minimum of three years/ five years if ramp up.
- Must provide the established contribution to HealthQuest (health promotion program), designate a contact person and participate in HealthQuest initiatives.
- Must provide staff for enrollment, answer general information and provide first level assistance to participants.
- Must adhere to established administrative processes and procedures. The Administrative Manual is available on request.

### **Direct Bill Participants**

**Direct Bill Participants** refers to retirees, COBRA participants and those on leave without pay.

- These participants may continue in the plan once active employment has ceased as long as the employer remains enrolled in the SEHP.
- For new non state entities joining the SEHP, retirees must be covered under your current health plan to be eligible to be covered under the SEHP.
- All Direct Bill Participants must pay their premiums by bank draft.
